

## Trust a try - 1/3

Interprété par Janet Jackson.

CD All for you

Trust not an easy thing you say  
Never thought the game of love  
This way you'd play  
By the things you do  
Never thought these things  
I would go through with you  
Pain trickery and deceit  
All the wrongs that you put me through  
If you don't wanna say  
Still love you anyway  
Never do believe my words  
When I try telling you my story  
Have no reason, still don't trust me  
No I'm not a cheat or liar She brought love  
She brought joy  
She brought what she brought  
You thought you'd never see again  
She cheats and lied  
Made you cry  
Said goodbye  
Bodies numb Think you're never gonna feel again  
Then what do you know  
You take it slow  
Here comes  
Things go smooth  
But dreams just around bend  
Don't blame me for jealousies  
Or insecurities  
Please see  
'Cause I wouldn't do that to you Don't smother me (with misery)  
Accusing me ( Of polygamy)  
If not the trust (then we have what)  
Gotta be strong (oh keep holding me) Wanna second chance with this love  
This romance  
Wanna make it last  
Forget your past  
She hurt you bad  
Let's start anew  
Yes that means me and you  
Gonna make it through  
But you must give trust a try  
Gotta be strong  
With this love  
Hold on  
Gotta trust in me  
And we will see true victory

## Trust a try - 2/3

We'll love with ease  
Baby please trust in me  
It'll be heavenly  
But you must give trust a try You got burned  
You got bruised  
You got  
So you got a kick outta that  
Unhealthy shit  
You said to she  
You'd please her needs  
Whatever it'd be  
Still she'd cheat  
On her back again for the money Now leave from it  
You grow from it  
Get over it  
I won't take the blame  
So don't  
'Cause I ain't having it  
Steady given me  
The third degree  
That's so mean  
Don't push me out the door  
I wouldn't do that to you Don't smother me (with misery)  
Accusing me ( Of polygamy)  
If not the trust (then we have what)  
Gotta be strong (oh keep holding me) Wanna second chance with this love
