

## Take my breath away - 1/1

## Interprété par Emma Bunton.

CD A girl like me

If I told you how I feel about you

Would you say the same and

If I wrote it in a letter

Would you keep it or throw it away

I never thought I'd feel the way

I'm feeling lately

When everything you seem to do just drives me crazy

Every waking day you take my breath

away

With every word you say you take my breath away

You look at me that way, baby come what may

I hope that you'll always know how to take my breath away

How to take my breath away

You told me how you feel about me

Cos I did not know

If you said you'd fill my heart with all your loving

Til it overflowed

I don't know the way you feel but boy I'm hoping

I always used to hide a way, but now I'm open

Every waking day you take my breath away

With every word you say you take my breath away

You look at me that way, baby come what may

I hope that you'll always know how to take my breath away

How to take my breath away

Take my breath away

Take my breath away

Take my breath away

Every waking day you take my breath away

With every word you say you take my breath away

You look at me that way, baby come what may

I hope that you'll always know how to take my breath away

How to take my breath away

(How to take my breath away)

Take my breath away

Take my breath away

(How to take my breath away)

Take my breath away

Take my breath away

Take my breath away

Take my breath away
