

Rock is dead - 1/1

Interprété par Marilyn Manson.

All simple

monkeys with alien babies
Amphetamines for boys
Crucifixes for ladies
Sampled and soulless
Worldwide and real webbed
You sell all the living
For more safer dead
Anything to belong

Anything to belong
Rock is deader than dead

Shock is all in your head
Your sex and your dope is all that were fed
So fuck all your protests and put them to bed
God is in the TV

One thousand mothers are praying for it

We're so full of hope
And so full of shit
Build a new god to medicate and to ape
Sell us ersatz dressed up and real fake
Anything to belong

Anything to belong
Rock is deader than dead

Shock is all in your head
Your sex and your dope is all that were fed
So fuck all your protests and put them to bed
God is in the TV

Rock is deader than dead

Shock is all in your head
Your sex and your dope is all that were fed
So fuck all your protests and put them to bed
Rock is deader than dead

Shock is all in your head
Your sex and your dope is all that were fed
So fuck all your protests and put them to bed
