Esmeralda :

A million stars light This beautiful night

This is not a night to

die

Let me sing and dance

beneath the sky

I have such love to give

To give I want a chance to live

Chorus : Live For the

one I love Love As no one

has loved Give Asking

nothing in return Free Free to find my way

Free to have my say Free to see the day Be

As I used to be Like a wild bird free

With all of life in me

Chorus Though this world tears

us apart We're still together in

my heart I want the world to hear

my cry And even if I have to die

Love will not die Love will change the

world Chorus I'll love,

until love wears me away I'll die,

and I know my love will stay And I

know my love will stay
