CD Not that kind

Whooo

Your love is like a gentle breeze upon a brand-new day
Your touch and what it does to me - like a flower needs its
rain

We are like one of a kind, true love is hard to find

I can't go on another day

Just hear me when I say

I ask of you, would you love me, if nothing else went right?

And I ask of you, would you hold me, forever in your life?

And don't let me fall, 'cause I can only give my all

Here I am

I ask of you

I found the place where I belong, it's right here next to you

And nothing else matters now, with all we've been through

I can't go on, tryin' to deny just what I feel inside

But now before I let go, you gotta let me know

I ask of you, would you love me, if nothing else went right?

I ask of you, would you hold me, forever in your life?

Don't let me fall, 'cause I can only give my all

Here I am

I ask of you

Yes I do

I ask of you

Whoa

I never really thought

(I never really thought)

That you'd be all to me

(That you'd be all that really matters to me)

I'd give everything and all I am to you

Oh baby, baby, I know you feel this way too

I ask of you, would you love me, if nothing else went right?

And I ask of you, would you hold me, forever in your life?

And don't let me fall, 'cause I can only give my all

Here I am

I ask of you
