Interprété par Deftones.

Hear me spit on you, wither I
Remold into gold and bury I from - Sun

Reborn left to sigh, recure maybe I'll
Be born and simplify the way I lie before
I get bored x 3
I'm bored

Repent by you and trust to figure out
I burn that gift to you doll and let it shine before
I get bored x 3
A wish for a real one

Pissed and confide, before me or I We come clean, it gets worse - it's more
I get bored x 3
A wish for a real one

Get bored x 3
I wish for a real one
