

Fuck the system - 1/1

Interprété par The exploited.

it doesn't matter
what you've got to say
they never fuckin listen
to you any way

refrain:
so fuck the system
you can bring it down
so fuck the system
we can bring it down

your future is chao and anarchy
the misery continues
it's the gouvernement way

refrain

get up and stand up
and fight back now
they didn't want to listen
but they'll listen now

refrain

thousands of homeless
and more each day
the misery continues
it's the gouvernement way
