

## Candi Bar - 1/2

**Interprété par Keith Murray.**

[intro]

she looks like a (4x)

[Chorus - repeat 4x] { \*ad libs through out\* }

She looks like a movie star

Like a chocolate candy bar

[Verse]

(She looks like a)

Heya love love, you little fly lady bug

Come and swing this episode wit more from up above

With them Earl Jeans on fitting tight like a glove

You little Cinammon Toast Crunch, come show me some love!

Slim goodie got tittle litties

Yeah but she's a picture post card pretty fat kitty little bitty, WHOO!!

You're provoking me, giving me the notions

To make me wanna lick your funky emotions

She can make a crippled man walk and a blind man see

How can I put this? hmm

She can make the Grinch love Christmas

How can I manifest her uniqueness in vernacular?

(Like a chocolate candi bar) yeah that describes her

[Chorus]

[Verse]

(She looks like a)

I seen her at the park on the black top watching the kids play

Hey style complimented the sunny day

There's a mild nature about her

Gentle but firm for all the bullshit life brought her way

You reflected beauty of a starless night by far

Like Billy Joel said "I take you just the way you are!"

I had a crush on you since the days of love tap

Karate shoes you had jelly cornrows with the peas in the back

I knew you'd grow to be a fine specimen someday

You the very inspiration for the song I sing

The way you sprint the runway and scale the catwalk

Your life is a movie and the camera's never off

It's like love at first taste, coming deep from within

From your DNA structure to your whole body ova

Your beauty is respected in the eye of the beholder

I love that little chocolate bar tattered on your shoulder

[Chorus]

[Verse]

## Candi Bar - 2/2

(She looks like a)  
Oh yeah the time is now and the place is here  
So come a little closer let me kick it in your ear  
And share this wit you girl you super official  
I just wanna bite you girl you look good like a Snickers  
Ooh la la, ah wee wee, walking by looking all like I exctasy  
Got doe ma didn't know, good gracious alive!  
Aw shuck now, there she go  
Hey yo come and rest your feet my little chocolate soufflet  
I know you're tired you been running through my mind all day  
And Oh My Goodness! can I get a witness?  
This roundy brownie is something to see  
I never had a craving like this before, I'm addicted  
Lord have mercy! please give me strength!  
Dark, rich and thick like a fresh baked cake  
Just thinking of your shape girl I catch a tooth ache

[Chorus]

[Outro]

(She looks like a)  
We just buggin out a little bit, showing versatility

(to fade)
