

## The one - 1/1

**Interprété par Elton John.**

I saw you dancing out the ocean  
Running fast along the sand  
A spirit born of earth and water  
Fire flying from your hands

In the instant that you love someone  
In the second that the hammer hits  
REality runs up your spine  
And the pieces finnaly fit

And all I ever needed was the one  
Like fredom feels where wild horses run  
When stars collide like you and I  
No shadows block the sun  
You're the one

There are caravans we follow  
Drunken nights in the dark hotels  
When chances breathe betweel the silence  
Where sex and love no longer gel

For each man in this time is cain  
Until he walks along the beach  
And he sees his future in the water  
A long lost heart within his reach

And all I ever neede was the one  
Like freedom feels where wild horses run  
When stars collide like you and I  
No shadow block the sun  
Oh,you're all I've ever needed  
Ooh,baby you're the one (4 fois)
