I won't stand in your way
Let your hatred grow
And she'll scream and she'll shout and she'll pray
And she had a name. Yea she had a name

And I won't hold you back
Let your anger rise
And we'll fly and we'll fall and we'll burn
Noone will recall. Noone will recall

This is the last time I'll abandon you
And this is the last time I'll forget you
I wish I could

Look to the stars
Let hope burn in your eyes
And we'll love and we'll hope and we'll die
All to no avail. All to no avail.

This is the last time I'll abandon you
And this is the last time I'll forget you
I wish I could
This is the last time I'll abandon you
And this is the last time I'll forget you
I wish I could
I wish I could
