

## Almost happy - 1/1

## Interprété par K's Choice.

If I could look beyond your face And photograph your hidden place Would I find you smiling in the picture

I don't know what you want Because you don't know So what's the point of asking

You're almost happy Almost content But your head hurts

Far too many ways to go
We learn so much but never know
Where to look
Or when we should stop looking

I can love the whole of you The poetry I stole from you And hide inside my stomac

YOU'RE ALMOST HAPPY Almost content But your head hurts

It's easy to get lost in you And fall asleep inside of you A reason to be here (x2)

No I don't know what you want And you don't know So what's the point of asking

You're almost happy Almost content But your head hurts.
