

Guilty conscience - 1/2

Interprété par Dr. Dre.

Meet Eddie, 23 years old
fed up wit life and the way things are going
he decides to rob a liquor store
but on his way in, he has a sudden change of heart
and suddenly, his conscience comes into play.

[Dr. Dre]

alright stop, now before you walk in the door
of this liquor store and try to get money out the drawer
you better think of the consequence (well who are you?)
i'm your motherfuckin conscience

[Eminem]

that's nonsense
go in and gather the money and run to one of your aunt's cribs
and borrow a damn dress and put on a blonde wig
tell her you need a place to stay, you'll be safe for days
if you shave your legs with Renee's razor blades

[Dr. Dre]

yeah but if it all goes through like it's supposed to
the whole neighborhood knows you and they'll expose you
think about it before you walk in the door first
look at the store clerk, she's older than George Burns

[Eminem]

fuck that, do that shit, shoot that bitch
can you afford to blow this shit? are you that rich?
why you give a fuck if she dies? are you that bitch?
do you really think she gives a fuck if you have kids?

[Dr. Dre]

man dont do it, its not worth it to risk it
not over this shit, drop the biscuit
dont even listen to Slim yo he's bad for you

[Eminem]

you know what Dre, i dont like your attitude

Meet Stan, 21 years old
after meeting a young girl at a rave party
things start getting hot and heavy in an upstairs bedroom
once again, his conscience comes into play.

[Eminem]

now listen to me, while you're kissin her cheek
and smearin her lipstick, i slipped this in her drink
now all you gotta do is nibble on this little bitch's earlobe

[Dr. Dre]

yo this girl's only 15 years old
you shouldnt take advantage of her, that's not fair

[Eminem]

yo look at her bush, does it got hair?
fuck this bitch right here on the spot bare
till she passes out and she forgot how she got there

Guilty conscience - 2/2

to find his wife in bed with another man
[Dr. Dre]

[Eminem]

while you at work she's wit some dude tryin to get off?
fuck slittin her throat, cut this bitches head off
[Dr. Dre]
wait, what if there's an explanation for this shit
[Eminem]
what? she tripped, fell, landed on his dick?
[Dr. Dre]
shet, alright Shady
maybe he's right Grady
but think about the baby before you get all crazy
[Eminem]
okay, thought about it, still wanna stab her
grab her by the throat, get your daughter and kidnap her
that's what i did, be smart, dont be a retard
you gonna take advice from somebody who slapped D. Bonds?
[Dr. Dre]
