

## Moon & the sky - 1/1

**Interprété par Erasure.**

All of a sudden it's gone  
Too late to wish a friend farewell  
Heard the sea in a shell  
Said we would meet in other worlds

See how the moon, she cries  
Cool how the tears fill up the sky as snow

Gotta touch the sky

Hold you head in my hand  
A taste, a wish, a parting sigh  
Takes the boat across the water  
Heaves a gentle sigh

See how the moon, she cries  
Cool how the tears fill up the sky as snow

Gotta touch the sky

All of a sudden it's gone  
Too late to wish a friend farewell  
Heard the sea in a shell  
Said we would meet in other worlds

See how the moon, she cries  
Cool how the tears fill up the sky as snow

Gotta touch the sky  
Gotta touch the sky  
Gotta touch the sky
