

## Unspoken - 1/1

**Interprété par Lacuna Coil.**

And it doesn't matter  
How you feel now, anything at all  
Seems to be your only way, so vicious  
Heavenly apart

When your envy is on a piece of paper  
Let me sweetly smile  
You're devouring all the crumb  
I'm leaving caught up in your lies

You're on any other side

Refrain  
Clawing up my eyes  
I'm feeling your arms around me  
On the other side  
It's time to go  
I'm hearing your voice  
Without words  
On the other side

But it doesn't matter  
How I feel now, anything at all  
Since I've left you with the wrong  
Impression while I'm still the same

When I turn around and look  
At my life, shadows in disguise  
But I'm working on  
An interruption of hypocrisy

Refrain

Any other side  
Any other side...
