

Illusion - 1/1

Interprété par Benny Benassi.

Chorus:

I wanna be your illusion, be your illusion
To make you happy tonight,
Enjoy this trip with me

I wanna be your emotion, be your emotion
Why don't you turn off the light,
Imagine how we could be leavin

(Beats)

Sometimes I won-der why we have no limits
Everything we do is timed, just find out who we are
we wont stop playing, the special game of love
and when we get together the time is running
I'll be your dream that you'll remember over and over
If only you tried me, If only you touched me

Chorus:

I wanna be your illusion, be your illusion
To make you happy tonight,
Enjoy this trip with me

I wanna be your emotion, be your emotion
Why don't you turn off the light,
Imagine how we could be leavin

I wanna be your illusion, be your illusion
To make you happy tonight,
Enjoy this trip with me

I wanna be your emotion, be your emotion
Why don't you turn off the light,
Imagine how we could be leavin
