

## Leaden legacy - 1/1

**Interprété par After Forever.**

I can't look behind because I'm living in the past  
Tears without emotions are filling up the unbridled hours

Sicut erat in principio  
Et nunc et semper et in saecula  
Saeculorum

We cannot be  
What you expect from us  
We cannot see through the glasses of despair  
Evade the leaden legacy

Those who separate and join the opposite  
Do not see that they will get them nowhere  
Can't you understand it is a similar manipulation  
Wake up and see the light

Doomed to wander in repressed emotions  
This imaginary refuge restrains me from awakening

Fear of penance  
Doomed to sycophancy

Doomed to sycophancy...
