

## Grace - 1/1

**Interprété par Entwine.**

Her grace, her love I adore  
For her I do no wrong  
Her wings I thought I saw  
She's so strong

Will you forever let me stay?  
I won't break your heart don't be afraid

The two of us in my dreams  
You're my star  
This place we'll never leave  
We're in love

Will you forever let me stay?  
I won't break your heart don't be afraid
