

Little voice - 1/1

Interprété par Hilary Duff.

I won't tell you what I'm thinking
'Cause it's not the same thing you're thinking too
You could say I got a best friend
Ans she's always telling me what to do

She's out of sight bur easy to find
She's in the front of my mind

Refrain :

The little voice in my head won't let me forget
The little voice in my head is never misled
All of this noise is what keeps me from making a mess
The little voice in my head just won't let me get with you

La la la la la...

When I see you I admit
I start to lose my grip and all of my cool
You smell so sweet just like my perfume
What have we been doing since I left you

You're always there in my thoughts
But that doesn't mean that it's on

Refrain :

The little voice in my head won't let me forget
The little voice in my head is never misled
All of this noise is what keeps me from making a mess
The little voice in my head just won't let me get with you

I know I sound insane , like I'm playing games
'Cause all I ready want is you
But there are some things a girl won't do

Refrain :

The little voice in my head won't let me forget
The little voice in my head is never misled
All of this noise is what keeps me from making a mess
The little voice in my head just won't let me get with you
