

Lollipop porn - 1/1

Interprété par Crazy-Town.

Non stop knocking on heaven's door
Thinking faster flirting with disaster plastered
I'm your puppet master pushin' proper data
Watch the city steal your soul as the drugs take control
And the problems of the world put your life on hold
You should have known by now that it just don't stop
You like that rock hip-hop you make me grab my crotch

CHORUS:

I got a lollipop porn bitch
Dead on arrival
A hardcore sex bitch turned
Suicidal
All caught up now taking my chances playing my song
While the devil dances 'round me beggin' me to play along

Now over the years I've learned to love the pain
I'm what you call a ladykiller with the gift of game
Triple X true that you do dat dat
Let it ride bring it back over 24 tracks
We're gonna rock the fuckin' block tonight
We're gonna rock that shit gonna make it right
Diggi, diggi damn right, we's dynamite
So we can do this or you can do what you like
I grab the mic and make it mine
I grab the mic and make it hype
So we can do this, or you can do what you like

CHORUS

Riding on the 3rd rail, taking risks, life is risky
The "E" stands for Epic and the "S" stands for Shifty
So let the good times roll, there's no controlling us
Walking on water and kicking up dust
The boisterous, causing panic in the land of lust
The shellshock lollipop crazy down to make your body rock
Sugar I love the way your body talks
Now, whoever said that sex was overrated
Love leaves me devastated, life's so fuckin' complicated
Shifty say what, Epic's a beat slut
And I got so many rhymes I can't keep my mouth shut

CHORUS
