

Spread my wings - 1/1

Interprété par Shawn Desman.

Why are you taking so long
You know the weathers's already changed and
No need in talking too much
About the situation that hapenned
And i know it's implicity said when i say
I don't want to argue no not today
And i tell you there is nothing left to say
Let me be free and fly away

Sometimes I wish I could fly
Spread my wings and sore away
And i'd never return back to this
Crazy love life that always push
Me away

You know i love you so much
But there's no need for me to keep waiting
No longer can you be trusted
I finally gave up on this love matter
and i really hate to leave but in this case
You broke my heart and now i feel disgrace
And i know somebody else is taking my place
Unfortunately i know i can't stay

{Chorus (2fois)}

I'm telling you this time i won't sit by no more baby
Tell me what makes you do the things you do that
Makes me wanna be free and all those times you lied
About the simple things, baby, i need my space to fly away, away
