

Waste of my time - 1/2

Interprété par Crazy-Town.

She was my heart, my soul, my girl, my life
I want that shit
I'll make that sacrifice
You know, I know, you know what's on my mind
I like sex, but we're just wasting time
No replays
Like Shifty, "please stay"
Sick of breaking up every other weekday
And we can't seem to see eye to eye
You even yell when I try to get high?
And I can't keep you, you're evil
And all my friends think that I should leave you
It's a standstill
that I'm trying to see through
But ya acting like a bitch so I got to leave you

CHORUS

Oh! I think I've seen this once before
I know the way it ends,
When you just walk out the front door
Oh! I think I've seen this once before
I know the way it ends
When you just walk out the front door
You're just a waste of my time,
Waste of my time, waste of my time,
Waste of my time, my time

You came I went, you saw, I fucked, I left
We're neck to neck but now it's sudden death
Get out of my bed I came to make it mine
Don't want no head, stop all that wasting time

CHORUS

Oh! I think I've seen this once before
I know the way it ends
When you just walk out the front door
Oh! I think I've seen this once before
I know the way it ends
When you just walk out the front door
You're just a waste of my time,
Waste of my time, waste of my time,
Waste of my time, my time

Waste of my time, waste of my time,
Waste of my time, waste of my time,
My time

Waste of my time - 2/2

I'm mad but, I packed your bags up
Put 'em by the door, you can have that stuff
Story of a whore and a man's bad luck
But it's all for the best I guess - Next!
Now I feel like the man on the moon right
Staring down the world, lookin' for a new girl with a new life
And I guess one day, someday I'm gonna get it right

CHORUS

Oh! I think I've seen this once before
I know the way it ends
When you just walk out the front door
Oh! I think I've seen this once before
I know the way it ends
When you just walk out the front door
Your just a waste of my time,
Waste of my time, waste of my time,
Waste of my time, my time

Just a waste of my time,
Waste of my time, waste of my time,
Waste of my time, my time
