

Battle cry - 1/2

Interprété par Crazy-Town.

No time for words
Just choose sides
No fear 'cause no one can hide
No room to keep this inside
I'm on the front line yellin' out the battle cry

Steppin' with my Armageddon weapon
I'll wet 'em and let 'em step again
Armageddon weapon will wet 'em again
Steppin' with my Armageddon weapon
I'll wet 'em and let 'em step again (step again)

I'm sick of waiting and hearing this instigation
It's time to take over the station
And get y'all pissed off
It's like my patience
It's worse than the situation
So I keep straight face and scream
All you get lost
It's not society nah, can't beat sobriety
Something inside of me is keeping me down
It's 'cause you lie to me and take away my privacy
I used to stay quiet but look at me now

CHORUS:

No time for words
Just choose sides
No fear 'cause no one can hide
No room to keep this inside
So where you at
Front line yellin' out the battle cry
I thought I heard the battle cry
I could've sworn I heard the battle cry
I thought I heard the battle cry

No! I won't calm down
No! I won't put my firearm down
Hell no! We're either leaving here or fightin'
Or we're writin' some new rules
And I'm doing the writin'
Who are you to govern me, how could you govern
If you got no fuckin' love for me
I see the love but I don't see it's brotherly
Ya love to rape me, hate me, smother me

So I'm gonna be steppin' with my Armageddon weapon
I'll wet 'em and let 'em step again

Battle cry - 2/2

Armageddon weapon will wet 'em again
Steppin' with my Armageddon weapon
I'll wet 'em and let 'em step again (step again)

CHORUS

I used to stay quiet but look at me now
I could of sworn I heard the battle cry
I thought I heard the battle cry
I thought I heard the battle cry
