

Take it to the bridge - 1/2

Interprété par Crazy-Town.

Triple X bottle
Role models from hell
Livin' our dreams
We like to scream and yell
White boys, b boys
Raised in the gutter
I said when I'd grow up I'd be a bad motherfucker
Nothings gonna stop me now
I'm breaking the rules
I'm gonna do it if it's not allowed
Thought I wouldn't when I would
Would when I wouldn't
I did it for the reason everybody said I couldn't
I'm putting my best foot down like what now
Let's take it to the bridge and jump the fuck down
Fuck it like a clown jump off a building in a bucket
The worst is yet to come,
Here it comes
so bum rush it

CHORUS:

Would you jump off a bridge if I told you to
Would you change the way you live if I told you to
Would you jump off a bridge if I told you to
Well take it to the bridge and jump the fuck off

Would you jump off a bridge if I told you to
Would you change the way you live if I told you to
Would you jump off a bridge if I told you to
Well take it to the bridge and jump the fuck off

Are you ready to jump?
Are you ready to leap?
Well, the head rush is heavy but for many too deep
That were speeding up the world to keep the timing on beat
It keeps reminding everybody who's a pyramid freak
The pyramid eye
The figure inside
The leader that you follow to the day that you die
We always bring it live which makes it easy to choose
Ain't now greiving or consoling or singing the blues
So when the levee breaks just remember the drums
And when the levee breaks don't forget how to run
Remember what I've done and everything that I said
I'm living proof that you can jump and live to try it again

CHORUS

Take it to the bridge - 2/2

I'm torn like Korn playing follow the leader
In a baggy pair of dickies and a dirty wife beater
Should the rate a CD like a movie in a theater
Should they blame it on me?
I say we blame it on you
Or blame it on the world there's no excuse for the things we do
Life's a maze I'll be amazed if I find my way through
One, two
tell me whatchya gonna do
You gonna jump off a bridge like I told you to
That's right
Bum rush the stage
Whatchya made of
How much more can you take?
Half of my life's been one big mistake
But no one's gonna take my place

One, two tell me whatchya gonna do
You're gonna jump off the bridge like I told you to
That's right
Bum rush the stage
What you made of?
How much can you take?

CHORUS

Monkey see, monkey do
Monkey see, monkey do
Monkey see, monkey do
Don't try to be like me, you gotta be like you
If you can hear this you're catchin' a contact
If you can hear this you're bumpin' the sound
If you're in the earshot your catchin' the contact
If you can hear this you're bumpin' the sound

Jump off a bridge if I told you to
Jump off a bridge if I told you to
Jump off a bridge if I told you to
Well take it to the bridge and jump
