Power generation

You live up your life and it feels like fire, woah

Suspended in animation

A trick of the light and it drives you higher, wo-ah

Blind vision blind faith

You really can be sold

If you dare to disagree

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily, easily

Psychic celebration

Look up in the stars and see Venus rising, woah

Rapture, fascination

You live for the night and your own desire, wo-ah

Blind vision blind faith

You really can't rely

On what they tell you for effect

It's not just within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy, energy

Blind vision blind faith

You really can be sold

If you dare to disagree

It's not just within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things
To give up your life so easily
That's not the way you're meant to be
What a waste of time and energy

It's just not within the scheme of things
To give up your life so easily
That's not the way you're meant to be
What a waste of time and energy, energy

Energy, easy, easy, easy energy
