

## Daybreak - 1/1

**Interprété par Lisa Ekdahl.**

Daybreak

And the moon's still floating high

What a wonderful surprise

I close my eyes

And dream of you

I'm dreaming at daybreak

And the words so far behind

That's why I always find

At daybreak

I'm still dreaming of you

You're from above

My one and only lover

There's no other

At Daybreak

All wants is you forever

That's why it's true whenever daybreak's

I'm still dreaming of you
