

# Animal - 1/1

**Interprété par Rem.**

Hey what's the big deal?  
Tell me how to feel?  
I know where we boomeranged and fell from grace  
Point me to the stars I'm up for the chase  
I know where we fell on our face  
Jump with me  
You jump with me

HEY WHAT'S THE BIG DEAL

I'M AN ANIMAL (The answer landed on my rooftop whoa)  
I'M AN ANIMAL (The future and the truth on my rooftop whoa)  
I'M AN ANIMAL (It's calling me to work it out) x2 Whoa

I don't wanna boomerang  
I don't wanna cannonball  
I'm not angling  
I don't wanna fall  
Tell me I'm the anchor of my own ascension  
Tell me I'm a tourist in the 4th dimension?

(chorus)

Work it out.

I'm vibrating at the speed of the light  
Take my hand, we'll wind up the night  
Spin me, win me, lift me kiss me  
Trip me, cuss me, trust me, judge me  
Touch me now  
You take my hand  
You trust me now  
You understand

So, what's the big deal

(chorus)

I'm vibrating at the speed of the light.
