

Vitamin - 1/1

Interprété par Incubus.

I'm born
I'm alive
I breathe
In a moment or two I realize, that the sphere
Upon which I reside
Is asleep on its feet
Should I go back to sleep?

I'm born
I'm alive
I breathe
In a moment or two I realize, that the sphere
Upon which I reside
Is asleep on its feet
Should I go back to sleep?

Refrain:
You stare at me like I'm a vitamin
On the surface you hate
But you know you need me
I'll come dressed as any pill you deem fit
Whatever helps you swallow truth all the more easily

We orbit the sun
I grow up
My open eyes see..
A zombified, somnambulist society
Leaving us as vitamins for the
Hibernating human animal
Do you see what I mean?

Refrain

And I wonder, will you digest me?

Into the sleep machine I won't plug in
In fact I'd rather die before I will comply
To you, my friend, I write the reason I still live
'Cause in my mind it's set;
The vitamin is ripe to give

Coming closer to another 2000 years;
You and I will pry the closed eye of the sleep machine

Refrain
