

Without surrender - 1/1

Interprété par Crafty Mind.

alone in the room
with nothing to do
i talk about something
something and everything
let's go!

i'm bored by the road
driving in the void
and i look nowhere
nowhere and everywhere
let's go

less or more it can depends of you
make your rules no matter who you are
tempt your chance in everything you wished (you've it)
no reason overtake your limits

and i cleaned my life
of all this big shit
without surrender
i never do better
let's go

less or more it can depends of you
make your rules no matter who you are
tempt your chance in everything you wished (you've it)
never stop overtake your limits
