

# Wherever the music goes - 1/1

Interprété par Julie Masse.

There's a rhythm to the night  
Baby feel it with me, I want to hold you tight  
There's a dancer in your eyes  
Some nights I spin you around, some nights are lullabies  
Do you hear the sound  
Can you feel it all around

Chorus:

=====

Wherever the music goes  
Wherever the trumpet and saxophone blows  
Wherever the music goes  
Baby I go too

Every day's a different song  
Sometimes the music is sweet, sometimes the notes are wrong  
But I never get enough  
I'll take the good with the bad, I just need your love  
To play again and again

Chorus

The bridge may be long, may be short  
If I stay in the groove, I can't go wrong
