

# Not what it seems - 1/1

Interprété par Something Coporate.

a long day  
if ever these questions were yours what would you say?  
i dont know  
but im writing the answers on cheap paper napkins  
and now hes turning off  
now shes shutting down

chorus  
its not what it seems  
nothings the same when you give it away  
no its not what it seems  
its just what you think it is

and these fights  
they climb through my veins like its mercury rising  
and these nights  
i seem to remember a home that was better  
and now hes turning off  
now shes shutting down

chorus

now hes turning off  
this family is breaking down

chorus

its just what you think it is
