

## Concrete lie - 1/1

**Interprété par Watcha.**

Concrete lie: unyielding part of your reality  
You can't dispose of me what ever you might think!  
I bid you welcome to your nightmare  
I live inside near the things represet  
I'm your conscience, why so anxious?  
You can't get rid of me so easily!  
I am what you are a lodestar in your mind!  
I'm a burden in your dreamland  
The pain in your neck  
I'm at the root of your worries  
Of all sleepless nights I am what you are a lodestar in your mind!  
I am what you are i'm your concrete lie!  
Concrete lie Saneka salkap apase  
Don't you give a damn for my deeds, for my needs  
Denying the voice of mine!  
Calling you! Calling you!  
Biriam'cuz I'll get ya!  
See I'm everywhere in the air in the eyes everywhere you look around  
'Cuz I am, just I am! Biriama'cuz
