

Lifeless...life... - 1/2

Interprété par Ill Niño.

Yo no entiendo lo que es
Everything is just a haze
Yo no entiendo lo que es
Everything is just a haze

I just need
I just need to become your disease
I could be
I could be all that you will believe
I will freeze
I will freeze and distort all your dreams
You will feed
You will feed enough to never get away

I make you feel like yourself
Don't think of asking for help
Just stay
I will take you away

My drug is everything I wanted her to be
She helps me deal and run away from life
I couldn't cope and wouldn't even try
When the well's running dry

That is how I was meant to be
Is it me? Everything that you need is in me
I could be
I could be all that you will believe
I will turn
I will turn you so numb and so cold
You will feed
You will feed enough to never get away

I make you feel like yourself
Don't think of asking for help
Just stay
I will take you away

My drug is everything I wanted her to be
She helps me deal and run away from life
I couldn't cope and wouldn't even try
When the well's running dry

My drug is everything I want it to be
I never thought that I'd be down here begging, down on my knees
But hey, it's my life and I think it's not funny
I chose it myself and that's all that you owe me

Lifeless...life... - 2/2

For life, life, life, life, life, life, life...lifeless...

Life, life, life, life, life

My drug is everything I want it to be

I never thought that I'd be down here begging, down on my knees

But hey, it's my life and I think it's not funny

I chose myself and that's all that you owe me

For life, life, life, life, life, life, life...lifeless...

Life...lifeless, life...lifeless, life

When the world's running dry
