

Whatever didi wants - 1/1

Interprété par Nofx.

I wouldn't walk 500 miles when I could fly coach but almost anything
I wouldn't across the Nile 'cause I could get a Möbius disentanglement,
Cause there's anything you want
I'll probably get it
You tell me what you need
I'll try not to forget it
You need someone to blame
I'll say I said it
'cause whatever Didi wants, she's gonna get it...

I wouldn't climb the highest mountain
Could get a blister but almost anything
I wouldn't throw coins in a fountain
I might be needing to make a phone call

I don't seem like you're a million miles away, no
But maybe one or two that doesn't mean
I never loved you
Me loves you long time, when you're on top of me
