

Lightening is my girl - 1/1

Interprété par Melissa Auf Der Maur.

Lightening is my girl

Gonna let the lightening tuck me in to my bed
Gonna let that man, let him into my bed
I see you in my dream time
Electrified and cherry red

And I'll meet you on the corner under true blue sky
Seeking cherry cola as the bridging wine
To bring you to my lips one more time

Kissing on the corner I know its a dream
Its better than daytime, cos dreamtime lasts forever
Swarming on the corner, bringing rain
Dream time is over, till lightening strikes again

And I'll meet you on the corner under true blue sky
Seeking cherry cola as the bridging wine
To bring you to my lips one more time

The sun has crept in
Away with the night
It's goodbye to my lover
I'm back in bed
But lightening is my girl
She promises me
To bring me to that corner
Again and again

And I'll meet you on the corner under true blue sky
Seeking cherry cola as the bridging wine
To bring you to my lips one more time
