

You are my love - 1/1

Interprété par Kate Ryan.

You are my love
You take me high
You are my sunshine in my sky
I feel there's love, it's deep inside

I still see the way you smile...at me
I still see the way you looked into my eyes
And please don't ask me why
I had this magic feeling in my heart for you tonight
I cannot hide

You are my love
You take me high
You are my sunshine in my sky
I feel there's love, it's deep inside

You are my love
You take me high
You are my sunshine in my sky
I feel there's love, here in the night

I still see the way you've cry...with me
I still see the way we're dancing in the night
And please don't ask me why
I had this magic feeling in my heart for you tonight
I cannot hide

You are my love
You take me high
You are my sunshine in my sky
I feel there's love, it's deep inside

You are my love

You are my love

You are my love

You are my love

You are my love
You take me high
You are my sunshine in my sky
I feel there's love, it's deep inside
