## Hard road - 1/1

## Interprété par Sam Roberts.

Feel, feel it grow In your mind In your mind

Life is how you live it Through time Through time

And there's no desert sun That is hot enough to feed your fire We shipwreck like fools Only to become the ocean's choir

And the sun dies until it's reborn But there's no road that ain't a hard road to travel on

Got lost on the way but you found the road again Stay true to your friends 'cause they'll save you in the end

There must be something in the air, in the air Some kind of answer to my prayers, to my prayers Some kind of answer to my prayers

I've been dying since the day I was born 'Cause there's no road that ain't a hard road to travel on

I have a vision in my mind Of a life that I've left behind And can't you see that lost souls can't swim You know you'll sink but you still jump in And it's alright to get caught Stealing back what you've lost Yeah don't you know that lost souls can't swim You beat them back or they drag you in

And I can't say that I'm sorry for all my medicines

And you try to find a love that'll see you through your darkest days And her soft brown hair is as long as the Canadian highway And the sun dies until it's reborn But there's no road that ain't a hard road to travel on

Been dying since the day I was born 'Cause there's no road that ain't a hard road to travel on
