Interprété par Simple Plan.

can you leave me here alone now, i don't wanna hear you say, that you know me, that i should be, always doing what you say, cuz i'm trying to get through today, and there's one thing i know,

i don't wanna think about you, think about me, don't want to figure this out, i don't wanna think about you think about nothing, don't wanna talk this one now, this time i won't let you bring me down, cuz i know, don't wanna think about you, don't wanna think about you,

when i'll wake up here tomorrow, things will never be the same, cuz i won't wait, cuz you won't change, and you'll always be this way, now i'm gonna get through today, and there's one thing i know,

don't wanna think about you, think about me, don't wanna figure this out, don't wanna think about you, think about nothing, don't want to talk this one now, out, this time i know, don't wanna think about you

run away, run away, running the fastest i can, run away, run away, i'll never come back again, run away, run away,

don't wanna think about you, think about me, don't wanna figure this out, don't wanna think about you, think about nothing, don't want to talk this one now, don't wanna think about you, think about me, don't wanna figure this out, don't wanna think about you, think about nothing, don't want to talk this one now, this time i won't let you bring me down, won't let you suck me, (suck me), this time i know don't wanna think about you...

run away, run away...

don't wanna think about you...

run away, run away...

don't wanna think about you...

run away, run away...

don't wanna think about you...
