Today I've seen the shallow face I wear  
Inside this shell,  
a living hell endures  
I'm held captive by my fear,  
decaying hope and wasted years  
The knife of time carves another  
line around these eyes

Good and evil - lust primeval  
Dragging me into a sea of lies

Losing faith in who I am  
Never changing just rearranging  
my life again  
Through into an eternal abyss I fall,  
Silent screams through paper walls  
I pray someday the sun will shine  
on me again (shine on me again)

Good and evil - lust primeval  
Dragging me into a sea of lies

Lies ... lies ...

[Solo]

Lies ... lies ...
