**Interprété par Stratovarius.**

Album : Fright Night (1989)

Musique : Timo Tolkki

Paroles : Tuomo Lassila

The witch is worried, which is bitch?  
Take both of them in and do a spin  
Experimenting with fingers spreading  
Lips concealing the secrets of the joy

Witch-hunt is coming to town  
You better look around  
Witch-hunt is coming to town  
They'll see that you'll get found

The witch is clever, forget that never  
She takes her revenge all in the end  
Two at the time, bell tolls inside  
Casting joy all over you, oh boy

Witch-hunt is coming to town  
You better look around  
Witch-hunt is coming to town  
They'll see that you'll get found

The whip is ready, standing steady  
In between the hands by your command  
Do what you have to do, and she's glad to  
Take your little life and ride away

Witch-hunt is coming to town  
You better look around  
Witch-hunt is coming to town  
They'll see that you'll get found
