

The hills have eyes - 1/1

Interprété par Stratovarius.

Album : Twilight Time (1992)

Musique : Timo Tolkki

Paroles : Tuomo Lassila

Come with me my child
It's gonna take a little while
To teach you the knowledge
Of the ancient rhyme

Fly with me tonight
Through the cosmic sea
It's a mystery

From the thirst for life
You will never keep away
Pleasure of one man
Makes another man a prey

Fly with me tonight
Through the cosmic sea
It's a mystery

Hills have eyes
Mind your step you'll better be wise
Or you never rise again
Hills have eyes
Never forgive nor compromise
You fail in vain
