

Reign of terror - 1/1

Interprété par Stratovarius.

Album : Dreamspace (1994)

Paroles et Musique : Timo Tolkki

What the hell is going on?
Ski jumpers making music that sells gold
There's no talent in this game
Hunting, hunting for the fame
Publicity is all you need
That's why it feels to me like
Reign of terror
Reign of terror

Everything costs so much nowadays
And individuals vanish in the haze
Entertainment for the masses
Saving, saving your own asses
Rats are leaving sinking ship
Still it feels to me like
Reign of terror

What the hell is going on?
Everything is upside down
Hunting, hunting for the fame
Terror, terror everywhere
