

Wings of tomorrow - 1/1

Interprété par Stratovarius.

Album : Dreamspace (1994)

Paroles et Musique : Timo Tolkki

New winds are blowing
Over the world can you feel it
Message is spreading among all the people
Future is calling
History is leaving behind
Nobody is thinking about the past days

If you want to have a look in future world
If you have an open mind now it is your turn
Come join our forces to this trip on the wings of tomorrow

Consider that this world
Could be free from all this hatred
There would be no borders, no laws any kind
Still mankind is falling
Planning its ruin everyday
But hey we can still stop this madness together

If you want to have a look in future world
If you have an open mind now it is your turn
Come join our forces to this trip on the wings of tomorrow
