Walking down the path
That leads me to my memories
Pacing all the way
Without a care in my stride
Where are the friends of my yesterday
Have they moved on with their lives?
Can we still laugh
And joke about things like before?

There's no need to hide
Past that I have left behind
It's a good resource
Somewhere for me to find
Why am I waiting for someone to reach out
It shouldn't be all up to them
Keeping in touch ain't that easy
But I'll have to try

Where have all the years gone?
That's what I am asking now
What have I learned so far?
Tell me father time - tell me now

Now I understand
I'll take from time what I need
And I store it inside
It's there for me to find
I can't deny that the years will pass by
But it won't bother me
Coz now I will set out
To realize my dream

Where have all the years gone?
That's what I am asking now
What have I learned so far?
Tell me father time - tell me now
