Dancing around the fire  
We've gathered here tonight  
Flames are getting higher  
Memories are filling my mind  
As I look back through the time  
Nothing left to find

You've just a memory from the past now  
And now it's time for Fire Dance

Fire is burning my soul  
I'll be lost forever  
Fire is burning my heart  
Until the end of time

In this mysterious place  
The fire's showing its face  
Secrets are revealed  
There is no turning back now  
And as the hour draws near  
I will burn with fear

You've just a memory from the past now  
And now it's time for Fire Dance

Fire is burning my soul  
I'll be lost forever  
Fire is burning my heart  
Until the end of time
