

Blood (evil mix) - 1/1

Interprété par Kmfdm.

Whatever is to be shrunken is first stretched out
Whatever is to be weakened is first made strong

Whatever??
What will be thrown over is first raised up

Open your senses in a sexual union
There's a face behind the curtain
Be a help and not a burden

Try to wash off blood with blood
Fake no evil

Do without doing
Know without knowing
Kill without killing
Going out of nowhen

The heart that is strong will never surrender

Put no hand higher than your own
Fake no evil
