

## Sucks - 1/1

**Interprété par Kmfdm.**

We like talking dirty, we smoke and we drink  
We're KMFDM and all other bands stink

Our music is sampled, totally fake  
It's done by machines 'cause they don't make mistakes

We don't have no lyrics, our message is nil  
We hate all DJ's, they're making us ill

Whatever we tell you is meant to be crap  
We hate all music and especially rap

We don't like Michael Jackson, we hate Depeche Mode  
We don't care for Madonna or Kylie Minogue

Our records have stickers with a warning from Tipper  
'Cause they're no good for kids if we'd get her we'd strip her

KMFDM forward the ultimate sound  
And a message from Satan if you turn it around

Hey Satan its En Esh talking down/now, let me know whats going on man,  
call-call me anytime man, anytime man, I dont know its your call ??

You might think we're stupid but we're way above it  
We don't give a shit and the kids just love it

We wouldn't sell to a major for a couple of bucks  
No doubt about it, KMFDM sucks
