The world is black - 1/2

Interprété par Good Charlotte.

Turn on channel seven at a quarter to eight You see the same damn thing It's just a different day And no one really knows why this is happening But it's happening

And everywhere you go it's just a different place You get the same dark feeling See the same sad faces No one really cares that this is happening

We come into this world And we are all the same And in that moment there's no one to blame

But the world is black And hearts are cold And there's no hope That's what we're told And we can't go back It won't be the same Forever changed By the things we've seen (seen)

Living in this place It's always been this way There's no one doing nothing So there's nothing changed And I can't live when this world Just keeps dying It's dying People always tell me, this is part of the plan That God's got everybody in his hands But I can only pray that God is listening Is he listening?

But living in this world Growing colder everyday Nothing can stay perfect Now I see

But the world is black And hearts are cold And there's no hope That's what we're told And we can't go back It won't be the same
