

Nancy boy v.0 - 1/2

Interprété par Placebo.

Alcoholic kind of mood
Lose my clothes, lose my lube
Cruising for a piece of fun
Looking out for number one
Different partner every night
So narcotic out at sight
What a gas, what a beautiful ass

And it all breaks down at the role reversal
Got the muse in my head she's universal
Spinnin' me round she's coming over me
And it all breaks down at the role reversal
Got the muse in my head she's universal
Spinnin' me round she's coming over me

Kind of buzz that lasts for days
Had some help from insect ways
Comes across all shy and coy
Just another nancy-boy
Woman man or modern monkey
Just another happy junkie
Fifty pounds, press my button going down

And it all breaks down at the role reversal
Got the muse in my head she's universal
Spinnin' me round she's coming over me
And it all breaks down at the role reversal
Got the muse in my head she's universal
Spinnin' me round she's coming over me

Does is makeup in his room
Douse himself with cheap perfume
Eyeholes in a paper bag
Greatest lay I ever had
Kind of guy who mates for life
Gotte help him find a wife
we're a couple, when our bodies double

And it all breaks down at the role reversal
Got the muse in my head she's universal
Spinnin' me round she's coming over me
And it all breaks down at the role reversal
Got the muse in my head she's universal
Spinnin' me round she's coming over me
And it all breaks down at the role reversal
Got the muse in my head she's universal
Spinnin' me round she's coming over me
