

Sensitive to light - 1/1

Interprété par Rainbow.

Album : Long Live Rock 'n Roll (1978)

Paroles et Musique : Ritchie Blackmore / Ronnie James Dio

I was feeling rather good
Should've touched some wood
Here she comes again
Reachin' out to bend my ear

She's worth another look
All the time it took
Pleasin' to the eye
How can I just disappear
It ain't clear
She's a bright and shining star
But I just must be sensitive to light
Oh I just might

I could have let her in
Give her just a spin
Let her think it's love
Better rise above it all

She's knockin' at the door
Seem to want some more
Never gets the clue
What am I to do she's fall
And she might call
She's a bright and shining star
But I just must be sensitive to light

She could dome well
I can always tell
She's ready for the kill
But I think that I will go

Sure I'm gonna see
Something just for me
Till it comes alone
When it's feeling wrong I'll know
Gotta take it slow
She's a bright and shining star
But I just must be sensitive to light

She's a bright and blazing star
But I just must be sensitive to light
