

Fuck me - 1/1

Interprété par Kmfdm.

Amok

Here I hide the severed head I keep alive

I've got bruises, lies, here's my pride.....

Looking down the barrel of a 45

Stick me bleed me don't say you need me

Hit me suck me come on... fuck me

Fuck me

Fuck me

Fuck me

Fuck me

You don't have to look at the mantelpiece

When you're poking the fire

I'm young, dumb, full of fun

I feed my fire, my fist, and come

The light of my life is a switchblade knife

This gun becomes my lawful wife

I wanna kill, I wanna cut, hurt, shuttup

I wanna feel myself denied

I wanna feel this noose grow tight

I will defile and taste the bile

I will crawl that crooked mile

To caress your stubborn head

With an ounce of flaming lead
